

The Ultimate Car Navigator

IQ ROUTES™ TECHNOLOGY

Calculates the fastest route possible using actual average speeds of travel on your route rather than only posted speed limits. You'll always travel the smartest route.

ADVANCED LANE GUIDANCE

TomTom's Advanced Lane Guidance gives you extra clarity when navigating difficult junctions by indicating which lane to move into.

ENHANCED POSITIONING TECHNOLOGY

Uninterrupted navigation even in tunnels or highly built-up areas.

WHY TOMTOM?

Easiest to Use

- Plug & GO
- Award-winning navigation software

Best Routing & Traffic Updates

- IQ Routes™
- Traffic ready

Best Maps

- Latest Map Guarantee
- Correct your map and benefit from others' corrections with TomTom Map Share™

Leader in Safety

- 'Help Me!' emergency resources menu
- Advanced Lane Guidance

TomTom's award-winning software means ground-breaking new technology for the ultimate driving experience.

Switch on and go right out of the box. Just enter the address on the touchscreen or use voice address entry and start driving anywhere in the US, Canada or Europe. TomTom guides you door-to-door with turn-by-turn spoken instructions, including street names. TomTom has the most accurate maps and with TomTom Map Share™ technology you can instantly modify street names, street direction, and POIs on your own device. New IQ Routes™ gives you the fastest route every time by using actual average speeds of travel to calculate your trip rather than posted speed limits. And now, Advanced Lane Guidance brings even more clarity to complex multi-lane exits so you can be even more confident on the road.

Enhanced Positioning Technology gives you uninterrupted navigation, even in tunnels or highly built-up areas. The GO 930 makes driving even safer with handsfree calling. And with the "Help Me!" menu, there are added safety features so you can easily access local emergency providers.

The TomTom GO 930 is the ultimate car navigator.

What's In The Box?

- GO 930 device
- Windshield mount
