

Intelligent Mounting for Commercial Use

TomTom BRIDGE: Combining intelligent design and cutting edge technology for an enhanced motoring experience with Strike

Founded in 2001 as an inventory solutions business, Strike has transformed into a leading manufacturer of hands-free products to resellers in Australia, New Zealand and worldwide.

Since its inception, Strike has been a global distribution leader of telecommunications and automotive accessories, being among the first to introduce Bluetooth® technology into more than 79 countries worldwide.

In 2003, Strike's distribution business began as a traditional importer and wholesaler, leveraging Strike's global network.

Strike has an extensive range of heavy-duty (HD) mounts that complement TomTom BRIDGE perfectly - from a sturdy HD Windscreen Mount for easy self-installation to the Strike HD ARM Mount, featuring a 22" adjustable arm letting you easily angle the TomTom BRIDGE to suit you.

The solution

- Strike has a HD Mounting solution to solve any TomTom BRIDGE mounting challenge. Every vehicle is different and Strike has all the combinations covered.
- Strike and TomTom supply product support so you can be sure you get the right mounting solution for your specific needs.

The results

- Users can install and de-install the Strike HD Mount within seconds.
- The Strike HD Metal Mount is the professional installation solution that offers top rigidity and security for TomTom BRIDGE.
- Strike can assist with many more options for the end user, tailored to their unique needs.

“Our collaboration with TomTom BRIDGE offers commercial drivers an easily docked and secure mount, specially designed for their needs.” ~ Clinton Viertel , Corporate Sales Director, STRIKE
