

Find the Best Truck Park on Your Route

TomTom BRIDGE: Helping drivers to find high-quality parking services en route with Truck Parking Europe

Downloading Truck Parking Europe enables truck drivers to locate the truck parks which provide them with the high-quality and secure services they need.

Truck Parking Europe shows you the best and safest available truck parking spots in Europe. With the Buddy feature you can locate your truck driver colleagues and arrange to meet them at your chosen spot. Quickly find the nearest free truck parking space on your route, so you can always park in a safe and clean location.

The solution

- Truck Parking Europe helps to make parking trucks easier and safer.
- Professional drivers can discover exactly when and where to go for the best and most secure resting places from the Europe-wide database.
- Knowing where your next safe rest stop will be located assures stress-free driving and increases road safety.

The results

- A complete overview of all truck parking areas in Europe - currently featuring over 23,000 sites.
- The largest, most engaged community with over 150,000 drivers using the app.
- The only app with real-time parking occupancy information updated by truck drivers themselves.
- Drivers can tailor their parking search for their personal needs, using 15 different parameters like showers, restaurant, toilets and security.

"Thanks to TomTom BRIDGE and Truck Parking Europe, I can always find the best available truck park to rest and enjoy the life of a trucker"
