1 Scope

These Terms and Conditions apply:

- i. to any order for, purchase of or other form of obtaining:
 - Products and Services directly via TomTom; and
 - Apps via a Reseller; and
- ii. to your Account and the creation thereof; and
- iii. to the use and/or access of:
 - all Products, Services, Apps and User Content; and
 - Built-in Devices, except in the case that the terms and conditions from the Reseller or third party manufacturer of such Built-in Devices apply; and
- iv. to uploading, using and/or accessing your User Data.

By (i) submitting any order for, purchase of or other form of obtaining of a Product, Service, or App, and by (ii) using, and/or accessing any Platform, Service, or App and by (iii) creating an Account, you accept and are bound by these Terms and Conditions and any amendments and additions to it.

The list of definitions used in these Terms and Conditions can be found at the end of this document.

2 Your order directly via TomTom

2.1 How to place an order

TomTom offers Products and Services via TomTom Websites, Platforms and Apps. These Products and Services may contain or consist of TomTom Content and Third Party Material.

When you would like to order, purchase or in any other form obtain a Product or Service directly from TomTom, you can place an order via a Platform, a TomTom Website or an App.

Any order submitted is subject to acceptance by TomTom. An agreement is concluded upon acceptance by TomTom by way of an order confirmation. TomTom reserves the right to reject any orders in full or in part or to apply a maximum order amount. All orders for Products are subject to stock availability.

2.2 Price and payment

Some Products and Services are subject to payment. Prices indicated for Products and/or Service on the TomTom Websites and App are including GST and standard shipping costs and handling charges (if any). You are responsible for any local sales taxes, other taxes and government levies, if any, associated with the order. Prices are subject to change at any time (and subject to clause 6.3.2 of these Terms and

Conditions) but will not affect orders for Products or Services made prior to the date of the change.

Some Services are offered free of charge. TomTom reserves the right to depart from or to cease offering such Services free of charge at any time. TomTom will inform you if a Service is to be offered for a fee in the future. In such event, you may choose to either continue your use of the Services for such fee or to terminate your use of the Service.

All orders must be paid for through the payment service as made available by TomTom. In order to submit orders and use such a payment service you must supply details of your preferred payment method, billing and shipping address (if applicable) and/or any other details necessary to complete the order.

If, for whichever reason, collection through such a payment service should fail, TomTom will invoice you by post for the amount payable, which must be paid by cheque, money order or credit card within 15 days from the date of invoice.

2.3 Delivery and risk of loss

TomTom will aim to deliver the Product within 30 days of order acceptance. If multiple Products are ordered, TomTom reserves the right to deliver each Product separately. Furthermore, TomTom aims to make Services available within 24 hours after the order acceptance.

A Product will be delivered to your delivery address. A Service will be downloadable or delivered and/or made available to you electronically. The risk of loss or damage to a Product will pass to you at the moment the Product is delivered to you. The risk of loss or damages to a Service will pass to you at the moment the Service is made either available to you or delivered to you electronically.

If you do not take delivery of the Product, TomTom reserves the right to charge you for the reasonable cost of storing the Product until delivery can be made.

If delivery to you should fail for any reason outside of TomTom's control, TomTom reserves the right to cancel the agreement and refund any monies paid.

If, by mistake, TomTom delivers a Product to you and/or, by mistake, makes available a Service to you, please contact TomTom in order to receive further return instructions (email via <http://www.tomtom.com/support>).

3 Your cancellation rights for orders

For Products purchased via TomTom, you have a right to cancel the purchase agreement for any reason for a period of 14 days commencing on the date of delivery to your delivery address. TomTom will refund the purchase price and original shipping costs actually paid (with the exception of any supplementary costs resulting from your choice of a type of delivery other than the least expensive type of standard delivery offered by us, or where multiple Products were ordered and not all Products purchased are returned). TomTom will provide such reimbursement using the same

means of payment as you used for your initial transaction, unless you have expressly agreed otherwise.

To exercise your cancellation right you must inform TomTom of your decision by contacting TomTom during the 14 days following delivery by email via <http://www.tomtom.com/support> to obtain an authorisation number for the return of your order. Subsequently, you should without any delay return the Product, free of all security interests, liens, or claims otherwise; to the address provided to you by TomTom after you obtain an authorisation number for the return.

If you decide to cancel the purchase agreement and return the Product to TomTom, you will be liable for any diminished value of the Product resulting from the handling other than what is necessary to establish the nature, characteristics and functioning of the Product.

You accept that TomTom may charge you for any shipping or postage costs incurred by TomTom that are directly associated with returning the Product.

For Services obtained via TomTom you agree that the performance of Services by TomTom will commence immediately – or at least as soon as possible - on TomTom's acceptance of your order and that you relinquish your cancellation right upon performance.

For Apps, obtained via TomTom or a Reseller you agree that the performance of the Apps obtained by you will commence immediately – or at least as soon as possible – after you have downloaded the App and that you relinquish your cancellation right upon performance.

Please keep your Account information up to date and promptly change your Account information in the event that any relevant changes occur.

Services, Apps, and User Content are intended solely for users who are eighteen (18) years of age or older. You represent and warrant that you are 18 or older. 4.2 Subscriptions

A Service may be offered on a single basis or on a subscription basis. When you have a subscription, the Service will be provided to you either regularly or continuously.

Subscriptions will be entered into for an indefinite period of time, unless TomTom and you have agreed on a fixed period of time.

4.3 Termination of your Account and/or your subscriptions

If you wish to terminate your Account and/or subscription, you may do so by contacting TomTom via <http://tomtom.com/support> and choosing the option "contact us", subject to a 30 days' notice period.

TomTom may also terminate your Account and/or subscription for no reason and without cause (and notwithstanding its termination rights under clause 7 of these Terms and Conditions). TomTom shall use its reasonable endeavours to inform you of any imminent termination, but - in any case - will notify you at least thirty (30) days before the actual termination of your Account.

In the event of termination of your Account and/or subscription, you must destroy all copies of the TomTom Content and all of its component parts.

After termination of your Account, you will not have access to any data including your User Data. It is your own responsibility to remove any User Data that you wish to keep before the termination is complete.

If your subscription is for a fixed period of time, it will automatically end upon expiration of such period of time.

7 EXPRESS warranty with respect to your Product

7.1 Application of the Australian Consumer Law to our Products, and Services

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

7.2 Express warranty

Subject always to your rights under the Australian Consumer Law, TomTom also offers an express warranty that the Product (obtained either directly via TomTom or via a Reseller) will be free from defects in workmanship and materials under normal use for a period of one (1) year from the date the Product was purchased, or from the date of purchase until such date as you breach any of these Terms and Conditions, whichever is the shorter period. During this period, under this express warranty the Product will be – at the sole discretion of TomTom – either repaired or replaced by TomTom without charge for either parts or labour. Additionally, TomTom will be responsible for the transport and/or shipping costs related to the repair or replacement. If the Product is repaired after this period has expired, the period for the repair will expire six (6) months after the date of repair. This express warranty is not transferable.

7.3 What this express warranty does not cover

This express warranty does not cover damage caused by normal wear and tear or as a result of the Product being opened or repaired by someone not authorised by TomTom, and does not cover damage caused by: misuse, moisture, liquids, proximity or exposure to heat and accident, abuse, non-compliance with the instructions supplied with the Product, neglect or misapplication. The express warranty also does not cover physical damage to the surface of the Product.

Furthermore, this express warranty does not cover any Services, Apps, User Content or Third Party Material that may accompany or be installed on the Product or obtained by you via the Services, Apps or TomTom Websites. The express warranty does not cover the installation, removal or maintenance of the Product or any costs related herewith.

Except in relation to any rights and remedies in respect of goods or services under the Australian Consumer Law (ACL) which cannot be excluded, restricted or modified, TomTom does not provide any commercial or other warranties in respect of the Products in addition to the express warranty stated in these Terms and Conditions. This express warranty is the only express warranty made to you and is provided in place of any other express warranties or similar obligations (if any) created by any advertising, documentation, packaging, or other communications.

The provisions of this clause do not affect any of your legal rights under applicable mandatory national legislation, including but not limited to your legal guarantee of conformity for goods.

7.4 How to make a warranty claim

In order to make a claim under the express warranty, you must notify TomTom about the defect and explain the defect to TomTom by contacting TomTom within the 1-year warranty period via <http://www.tomtom.com/support> in order to obtain an authorisation number for the return of your order. The Products must be returned to TomTom as soon as possible following your notification of the defect, along with an explanation of the defect and the authorization number provided to you by TomTom, to the address you receive when you have obtained an authorisation number for the return of your order. You must comply with any other return procedures stipulated by TomTom, if any.

8 EXPRESS warranty with respect to Services, Apps, User Content and Third Party Materials

TomTom may be dependent on third parties for the provision of some (part of) Services, Apps and User Content.

You should be particularly aware of the fact that calculation errors may occur when using navigation systems or when using, uploading or modifying, as applicable navigation systems such as those caused by local environmental conditions and/or incomplete or incorrect data.

Subject always to your rights under the ACL, Services, Apps, User Content or any Third Party Materials are provided "as is" and without warranties of any kind.

To the fullest extent permitted by law including the ACL, TomTom does not make any warranties or representations - express or implied- regarding the purchase (either directly via TomTom or via a Reseller), access and use of Services, Apps, User Content or any Third Party Materials including, but not limited to (i) correctness, errors and accuracy (ii) adequacy, (iii) usefulness, satisfactory quality, and fitness for a particular purpose (iv) reliability, defects, operation and availability (v) implied warranties of title and non-infringement, (vi) security, the risk of interception of information, viruses or anything else harmful, (vii) workmanlike effort, support, information or services, (viii) offensive, threatening, defamatory, unlawful or otherwise objectionable character.

The provisions of this clause do not affect any of your legal rights under applicable mandatory national legislation, including but not limited to any mandatory statutory warranties. If any part of this express warranty is held to be invalid or unenforceable, the remainder of the express warranty shall nonetheless remain in full force and effect.

9 Limitation of liability and indemnification BY YOU

9.1 Limitation of liability

To the maximum extent permitted by applicable law neither TomTom nor, its suppliers, its subcontractors, its affiliates, officers, directors, employees, agents shall be liable to you or to any third party for any damages either direct, special, incidental, indirect or consequential damages (including but not limited to, damages for the inability to use or access the Products, loss of data, loss of business, loss of profits, business interruption or the like) arising out of or related to:

- ii. your conduct or that of other users (whether online or offline) or attendance at a TomTom event or any User Content, even if TomTom has been advised of the possibility of such damages. You assume total responsibility for your use of the Services, Apps, User Content and User Data; or
- iii. any fraudulent misrepresentation on the part of users of Services, Apps, and/or User Content; or
- iv. any violation of these Terms and Conditions; or
- v. any law or the rights of any third party.

Furthermore, TomTom does not endorse any User Content or any opinion, recommendation, or advice expressed therein, and TomTom expressly disclaims any and all liability in connection with your access to and use of such User Content. TomTom is merely acting as a passive channel for the distribution of User Content and is not undertaking any obligation or liability relating to any User Content or activities of users. Even in the event TomTom chooses to monitor any User Content, TomTom assumes no responsibility for, or any obligation to monitor or remove, such User Content.

Notwithstanding the above, if TomTom is found to be liable to you for any damage which is in any way connected with your (inability to) use and/or access of or otherwise the performance of a Product, Service, App, User Content, User Data and/or any Third Party Material, TomTom's liability shall (i) in the case of a paid Product, Service or App be limited to the amount actually paid by you for the Product, Service or App concerned, and (ii) in the case of free-of-charge Service, App, User Content and your User Data be limited to the amount of US \$350.00.

Notwithstanding any of the above or anything else contained in these Terms and Conditions, nothing in these Terms and Conditions shall limit either party's liability for death or personal injury resulting from its own negligence.

Applicable mandatory national legislation may not allow the limitations or exclusions of liability as set out in these Terms and Conditions. The above limitation of liability does not affect your rights under the applicable mandatory national legislation. For more information on rights under the applicable mandatory national legislation,

please contact your national Consumers Association or the relevant national authority.

9.2 Indemnification

You agree to indemnify, defend, and hold harmless TomTom, its affiliates, officers, directors, employees, agents, licensors and suppliers from and against all claims, losses, liabilities, expenses, damages and costs, including, without limitation, legal fees, arising from or relating in any way to your use of and/or your conduct in connection with a Product, Service, an App and/or your User Content and your conduct in connection with other users, or any violation of these Terms and Conditions, any law or the rights of any third party.

10 Third Party Materials And Third Party Websites

Products, Services and Apps may make use of Third Party Materials. The use of Third Party Material included in the Products, Services and Apps may be subject to other terms and conditions. The official copyright notices and specific licence conditions of these Third Party Materials are to be found in or via our website <http://www.tomtom.com/legal>.

You hereby agree that the submission of any order implies that you have read and accepted the terms and conditions for any Third Party Material included in a Product, Service or App ordered, if any.

Where TomTom provides links and/or access to third-party websites, and/or Third Party Material it is only as a convenience to you, and the inclusion of any link or access does not imply an endorsement by TomTom of the third party site, or Third Party Material. TomTom is not responsible for Third Party Materials and the content of any third party websites, services or functionalities, any links contained in third-party websites or services, or any changes or updates to third-party websites or services.

11 Force Majeure

Force majeure means circumstances that impede the fulfilment of TomTom's obligations under these Terms and Conditions which are not within TomTom's reasonable control, including late and/or delayed deliveries and incomplete deliveries by TomTom and temporary or partial unavailability of your Account, Services, Apps, User Content and/or User Data caused by circumstances beyond TomTom's reasonable control. In a force majeure situation all of TomTom's obligations shall be suspended.
